§ 948.124 Reports.

Each handler of potatoes shipping under Certificates of Privilege shall supply the committee with reports as requested by the committee or its duly authorized agents showing the name and address of the shipper; the car or truck identification; the loading point; destination; consignee; the inspection certificate number when inspection is required; and any other information deemed necessary by the committee.

§ 948.125 Disqualification.

The committee from time to time may conduct surveys of handling of potatoes for special purposes requiring Certificates of Privilege to determine whether handlers are complying with the requirements and regulations applicable to such certificates. Whenever the committee finds that a handler or consignee is failing to comply with requirements and regulations applicable to handling of potatoes in special outlets, and requiring such certificates, a Certificate or Certificates of Privilege issued such handler may be rescinded and further certificates denied. Such disqualification shall apply to, and not exceed, a reasonable period of time as determined by the committee but in no event shall it extend beyond the end of the succeeding fiscal period. Any handler who has a certificate rescinded or denied may appeal to the committee in writing for reconsideration of his disqualification.

(d) Applicability to imports: Pursuant to section 608e-1 of the act and § 980.1 *Import Regulations; Irish potatoes* (part 980 of this chapter), in the absence of more restrictive regulations in effect for potatoes grown in Areas Nos. 2 and 3 in Colorado, this cull regulation shall be used in a basis for import regulations for the red skinned, round type and for other round type potatoes, during the periods specified and as designated in said § 980.1 of this chapter.
